PERTH WORKPLACE SAFETY CONSULTANTS PTY LTD

Perth Workplace Safety Consultants are a leading Work, Health, Safety and Environmental Consulting Firm, that specialises in supporting companies in providing tried and trusted strategies that assist the PCBU in achieving their obligations.

We are a professional WHSEQ consulting firm that offers customised WHS compliance solutions across multiple industry sectors.

We have offices located in Newman, Karratha and in Perth with resources sufficient to assist our clients in managing their business and workers exposure to risk.

We make safety easy by maximising employee engagement through tailoring WHSE systems to the company's activities and understanding the audience that they are aimed at.

Our consultants are tertiary qualified, certified and have a vast level of experience that empowers them with the capabilities to achieve positive results regardless of the industry the client operates within.

We maintain our knowledge with current WHS developments and changes by regularly taking part in professional development utilising industry - specific courses and training
